Announcing Justin Roth Muehlmeier – PARTNER!

Deborah Peacock and Janeen Vilven-Doggett are very proud to announce that Justin Roth Muehlmeier is now a Partner in our firm.

Justin has been with us for over five years and has been an invaluable addition to Peacock Law P.C. Justin is a Registered Patent Attorney with remarkable knowledge of all aspects of intellectual property law, including licensing and litigation. He has been largely responsible for our marketing, outreach programs, and mentoring new attorneys. He is a well-respected member of the legal community, directs the annual State Bar Pro Bono IP Clinic, lectures at intellectual property seminars regularly and represents Peacock Law whenever needed.

Justin graduated Cum Laude from the University of New Mexico School of Law, during which time he received the top grade in his patent law class, published an article in a leading journal that was subsequently cited by the New Mexico Supreme Court in a historical landmark opinion, and was awarded the Judge Oliver Seth Award Recognizing Excellence in Legal and Judicial Ethics. As a Presidential Scholar undergraduate, Justin earned a B.A. in Physics/Astrophysics, a B.A. in Philosophy of Economics and a minor in mathematics. In addition, Justin studied at Saint Louis University, Madrid Spain, and at the Becari Language School in Oaxaca, Mexico. At his commencement ceremony for his physics degree, he announced that he “would make it his career to use the law to inspire innovation and protect the rights of creators”.

Following law school, Justin served a two-year term as an attorney judicial law clerk to Justice Charles Daniels, one of New Mexico’s most respected justices. He assisted Justice Daniels in resolving some of the State’s most complicated legal issues.

When Justin is not helping his clients generate value from their great ideas, he is either playing classical Spanish guitar, taking a tango lesson, exhausting himself practicing Muay Thai or backpacking in a remote corner of the world with his wife. You can listen to Justin’s recordings at <http://justinmuehlmeier.bandcamp.com>.

Please join us in congratulating Justin!
