

Congratulations to Isaac Estrada for Master's Degree!-(March 2013)

Isaac Estrada, Registered Patent Attorney at Peacock Myers, P.C., received his Master's Degree (M.S. in Biotechnology) from Johns Hopkins University in December 2012! Isaac achieved this in 2.5 years with very high grades (As), while working full-time and, as a single parent, raising his three children. Isaac also has a B.S. in Biological Sciences from the University of Memphis, and a J.D. from the University of New Mexico School of Law.

To better serve our clients, Isaac concentrated his M.S. studies on regulatory affairs. He focused on regulatory environments that companies navigate along the path to commercial success, including, food and drug law, cGMP compliance, clinical development of drugs and biologics, translational biotechnology, and medical device regulation; and state of the art research in biotechnology, including molecular development, agricultural biotechnology, and biofuels.

We are very proud of Isaac for this incredible achievement.
